

CycleSafe®
Simple. Strong. Secure.

Case Study

LONDON, ONTARIO

Encouraging Urban Cycling with Smart Bike Lockers

WHY CITY LEADERS CHOOSE CYCLESafe

City planners and municipal leaders choose CycleSafe for its proven track record in delivering **secure, durable, and easy-to-manage bike parking solutions**. For London, Ontario, CycleSafe's lockers offered the ideal combination of advanced technology, low maintenance, and user-friendly design. With integrated app-based access, administrators gain full control over usage and reporting, while cyclists enjoy a seamless experience. It's a solution that supports long-term goals for sustainability, mobility, and public health—all backed by a trusted partner with decades of experience.

**“WE STRENGTHEN OUR
COMMUNITY AND LOCAL
BUSINESSES WHEN WE PROVIDE
CYCLISTS WITH CONVENIENT
AND NEARBY PARKING.”**

THE OPPORTUNITY

The City of London, Ontario, is committed to making cycling a convenient and accessible mode of transportation. With over 350 km of cycling infrastructure, the city looked for new ways to remove barriers and encourage more residents and visitors to ride.

THE SOLUTION

To enhance its active transportation network, the city installed **CycleSafe ProPark® bike lockers** equipped with app-based electronic access. This pilot project placed secure bike storage in three key urban locations.

Key Features:

- App based smart lockers powered by Bluetooth
- Three locker banks, each with 6 individually secured parking spaces totaling 18 bike parking spaces
- Hourly and monthly rental options
- Weatherproof, theft-resistant design

How it Works:

- Cyclists reserve a locker via app on their smartphone
- Lockers open via smartphone and Bluetooth connection
- Fees are billed automatically

RESULTS & BENEFITS

- Increased convenience for commuters and visitors
- Encouraged cycling as a viable transportation option
- Streamlined management for city administrators
- Affordable, flexible pricing for users
- On demand availability allows for more usage for more users

READY TO BRING THIS TO YOUR CITY?

CycleSafe is a leader in secure, sustainable bike parking solutions, offering lockers, racks, and shelters designed for durability and long-term value. Since 1980, we've helped communities and organizations support healthier, more bike-friendly environments.
