

Swing Handle

Swing handle engages full-length stainless steel latch bar. Provide open-access bike lockers secured with user-provided padlocks or U-locks.

Lock option for:

ProPark Bike Locker Part #10720

EcoPark Bike Locker Part #19549

Stainless steel swing handle allows the lockers to be used on a first-come, first-served basis. Cyclists secure bikes in the locker with their own padlock or U-lock. For 3/8" maximum diameter padlock or 5/8" maximum diameter U-lock. Full-length stainless steel channel engages for locking. Lock not included.

#10720 ProPark Swing Handle. Padlockable handle with spring return includes bracket to secure user-supplied padlock or bicyclist U-Lock (cyclists or owner to provide lock) to replace T-Handle. Zinc coated/heavy duty construction handle or stainless steel handle upon request. Intended for open-access bicycle lockers.

#19549 EcoPark Swing Handle. Padlockable handle with spring return includes bracket to secure user-supplied padlock or bicyclist U-Lock (cyclists or owner to provide lock) to replace T-Handle. Zinc coated/heavy duty construction handle or stainless steel handle upon request. Intended for open-access bicycle lockers.
